Note on the action taken for the development of Tiruttani area since its transfer from Andhra Pradesh

Tiruttani taluk in Chittoor district went to Andhra Pradesh with the partition of Madras State in 1953. Consequent on the reorganization of States on linguistic basis and with the implementation of the Pataskar Award on disputed areas, the territories comprised in the villages of the Tiruttani taluk have been transferred to Madras State. The merger came into effect from 1st April 1960. In the interrugnum, the Government of Andhra Pradesh did not undertake any development work. Since the transfer had come into effect only in the fifth and the last year of the Second Plan period, no special schemes have been drawn up for implemention in the area during the Second Plan period. However, immediately after transfer of the area from Andhra Pradesh, development works have been taken up under local development programme, famine relief programme, etc., during 1960–61.

2. The details of development work undertaken are given below :—

A sum of Rs. 25·00 lakhs (Rs. 20·00 lakhs for capital construction and Rs. 5·00 lakhs for maintenance) was also sanctioned for carrying out necessary repairs to the roads and buildings under the control of Highways Department. In addition, an amount of Rs. 14·30 lakhs has been sanctioned for improvements such as metalling and black-topping to the following three roads, viz. :—
